

The Mayor & all twelve Councillors,

On behalf of Edna & myself, I thank you all for the opportunity to speak regarding our genuine concerns about the Adelaide Hills Council not supporting the Australia Day Celebrations this year on the 26th day of January 2024. I am reading from a prepared statement written by Edna & myself.

Our concerns with the Adelaide Hills Council leadership, are that you did not support, celebrate & present Civic Awards on Australia Day this year, which has been fully outlined in our letter to your Council dated the 31st day of January 2024. We respectfully ask Mayor Wisdom & each Councillor to carefully consider every aspect of our letter together with our written statement.

As a result of Adelaide Hills Council not acknowledging & celebrating Australia day, put simply, it has reinforced to us, that it's just one of a host of ongoing actions to undermine the great and proud history as well as the sovereignty of our Country, the Great Nation of Australia. (We state: "That the Sovereignty of our Nation is under our Almighty God our Creator & Redeemer").

It is no longer a secret or a conspiracy theory that Australia is heavily influenced by unelected globalist organisations, and that all forms of Government, Federally, State & Councils, are surrendering, either unwittingly or knowingly, the rights & freedoms of "We the People of Australia", who you are tasked with serving and representing.

It is our belief, that Australia is under attack, and that we are in a spiritual & physical battle. Do we as a nation stand up, speak up, peacefully protest & fight for the Sovereignty of our Great Nation Australia, or just lose any moral courage that we may have, our love for the truth, the goodness of our God given Spirit, & just let the Globalist Agenda swallow us up. SIMPLY PUT ITS GOOD AGAINST EVIL. What will you as our representatives do?

We believe that the cancelation of Australia Day, the undermining of the positive influences that European settlement has had on our nation, the ongoing tactics adopted to divide our citizens by race and ethnicity is being driven by these unelected globalist corporatist organisations.

THE EUROPEAN UNION (EU).

The Head Quarters of the EU are situated in Brussels, Belgium. From recent events and policies, it appears their agenda is to control farming & grazing in Europe, which will have an impact on all other nations on this planet. They have imposed their draconian environmental laws on the farmers, the food producers, & have massively increased their costs & have severely restricted their farming practices, reduced their land holdings for food production & much more, all in the name of a "Climate Change Emergency", which coincidentally, our State Government has declared WITHOUT scientific consensus ([See CLINTEL](#)). As I stand here, right across Europe & other places in the World, including 18 countries have come out with massive protests, with tractors, trucks & citizens coming out to support them. The EU, their corrupt elites, their appointed officials & unelected bureaucrats are making all these decisions, which will have a profound effect on the world, including Australia. THE WORLD HEALTH ORGANISATION (WHO)

During the so called Covid19 "Planned Demic", our Governments, Federally & State surrendered Australia's Sovereignty to this evil & corrupt organisation. Only a full Royal Commission with a broad term of reference will uncover the full extent of their deception. In May of this year, the Albanese Government wants to again enter a new (WHO) Pandemic Treaty. I say, "We the People", must stand up, speak out, lobby & sign petitions to stop this tyrannical action. UNITED NATIONS (UN)

A massive unelected global body made up of most of the world's nations as financially contributing members states. It took over from the League of Nations and according to them - the purpose of the United Nations (UN) is to maintain international peace and security, develop friendly relations among nations, achieve international cooperation, and serve as a center for harmonizing the actions of nations. They have been anything but this, do we have peace and security around the globe? Instead they appear to be the propaganda arm for the "Conference of the Parties" (COP) summits held around the world, most recently COP28 which was held in Dubai with Calls for Accelerated Action, Higher Ambition Against the Escalating Climate Crisis, which many contest even exists. THE WORLD ECONOMIC FORUM (WEF)

The Founder of this Organisation is Klaus Schwab who has publicly said: "The pathway to control the world is that you will own nothing & be happy" What a crock of SH.... is this, what do you all think? This evil elite mob along with a host of other global entities are the drivers of the concept of "Smart Cities", together with the aim to destroy the Sovereignty of all Nations & to bring us under Global Control & Dictatorship.

A high-level advisor to the WEF and global elites is Yuval Noah Herari, who is quoted as saying " This whole idea that humans have this soul, this spirit, free will.....that's over, today we have the technology to hack humans beings at a massive scale"

So, as we conclude this submission, as stated in our letter to you, we quote again: Recently the Institute of Public Affairs says, that more than 80% of all respondents want to celebrate Australia Day on the 26th day of January. Add to this the fact that 65% of South Australians including Aboriginals, rejected having a National Voice to Parliament, which our state government is ignoring by pushing ahead with the state-based Voice to Parliament. This shows that overwhelmingly Australians, including South Australians do not like to be divided by race and ethnicity, but instead celebrate the things that unit us. This has been the message of Australia day, to celebrate what makes us unique as a nation, a coming together of ALL Australians regardless of race or ethnicity.

On this point your council do not stand for the Sovereignty of our Nation Australia, instead you appear to be pandering to the unelected globalist outfits mentioned above, who seek to undermine and divide Australians for their own ends.

RIGHT NOW IN ALL OF OUR LIVES THERE IS ONLY TWO CHOICES & THERE IS NO MIDDLE GROUND.

- 1. STAND & FIGHT FOR THE SOVEREIGNTY OF OUR GREAT NATION AUSTRALIA.**
- 2. COWER DOWN, BOW DOWN TO THE EVIL AGENDA OF GLOBAL CONTROL & DICTATORSHIP.**

THREE

The following four points conclude our letter.

1. We the People who you are meant to serve, wish to have a good relationship with your Council & seek a peaceful solution to this issue. So therefore, we appeal to you all to rescind your motion that cancelled Australia Day & have another vote to reinstate it on the correct date & your Council continue to present the Civic Awards accordingly.
2. We present to you a one page document with the heading of a petition.
- 2.3. We present to you a Poster, that five to six of them will be displayed in every 58 townships & areas within the Adelaide Hills Council District.
- 3.4. The above actions will take place at the end of two months from today's hearing, if your Council does not reinstate Australia Day as stated herein & that your Council resumes to present Civic Awards on that day.

We present to the Mayor & all 12 Councillors copies of our submission.

Yours Respectfully

/ / 2024
